Academy

InterPore Academy Activities

**Registration for our recorded short courses
is now available!!**

- Short Course „**Capillarity in Porous Media at Different Scales**“
by Prof. Majid Hassanizadeh
- Short Course „**Multiphase Flow in Permeable Media: A Pore-Scale Perspective**” by Prof. Martin Blunt
- Short Course “**Multiscale Modeling and Simulation: Scalable Simulation of Nonlinear Processes in Heterogeneous Fractured Porous Media**“ by Prof. Hadi Hajibeygi
- Short Course “**Heat Transfer in Porous Media: Various Models From a Multi-Scale Perspective**“ by Prof. Michel Quintard
- Short Course “**Introduction to Open-Source Computational Fluid Dynamics using OpenFOAM® Technology**“
by Dr. Cyprien Soullaine

InterPore Academy Contact: Mr. Raif Skrijelj, Executive Assistant, assistant-academy@interpore.org
